MMCD All Plan Letter 02001

TO:                   [X] County Organized Health System Plans (COHS)  
                          [X] Geographic Managed Care (GMC) Plans  
                          [X] Prepaid Health Plans (PHP)  
                          [X] Primary Care Case Management (PCCM) Plans  
                          [X] Two-Plan Model Plans

SUBJECT:           MEDI-CAL HIV/AIDS HOME AND COMMUNITY BASED  
                          SERVICES WAIVER PROGRAM

The purpose of this All Plan Letter is to inform all Medi-Cal managed care plans that the Department of Health Services' (DHS) Medi-Cal Managed Care Division, in collaboration with DHS' Office of AIDS, has now approved dual enrollment in the Medi-Cal Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) Home and Community Based Services Waiver Program (HIV/AIDS Waiver Program) for beneficiaries enrolled in Two-Plan Model managed care plans. Dual enrollment is already permitted in Geographic Managed Care and County Organized Health System managed care plans. The HIV/AIDS Waiver Program provides home and community based services to patients with symptomatic HIV disease or AIDS who would otherwise require placement in a skilled nursing facility or who are at increased risk for this type of placement. These services support home based, coordinated care to improve health and prevent costly hospitalizations for plan members with HIV/AIDS.

Effective from the date of this letter, Medi-Cal beneficiaries enrolled in Two-Plan Model Medi-Cal managed care plans, who are subsequently diagnosed with HIV/AIDS, may enroll in the HIV/AIDS Waiver Program without having to disenroll from their Medi-Cal

**JUL 19 2002**

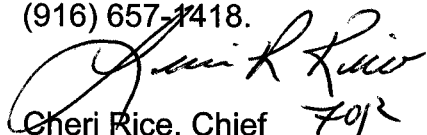

managed care plan, as was previously required. Medi-Cal beneficiaries of managed care plans must meet the eligibility requirements of the HIV/AIDS Waiver Program and enrollment is dependent on available space. In addition, persons already enrolled in the HIV/AIDS Waiver Program may voluntarily enroll in a Medi-Cal managed care health plan, if they reside in a county with a Medi-Cal managed care contract. Two-Plan Model plan contracts will be formally amended to include allowance for dual enrollment as they come up for renewal.

The HIV/AIDS Waiver Program providers are contractors with the Department of Health Services' Office of AIDS. A description of the eligibility requirements, specific services available, and HCPC codes designating these services are located in the Medi-Cal Inpatient/Outpatient fee-for-service provider manual located online at [www.Medi-cal.ca.gov](http://www.Medi-cal.ca.gov) in the AIDS Waiver Program section. See enclosure A for a listing of these services and their HCPC codes. These services exceed the amount, duration and scope of services available through Medi-Cal fee-for-service or Medi-Cal managed care contracts. See enclosure B for a list of Medi-Cal HIV/AIDS Home and Community Based Services Waiver Program providers.

The Medi-Cal Managed Care Division has directed the Department's fiscal intermediary Electronic Data Systems Inc. (EDS) to implement the system changes necessary to accommodate dual enrollment billing issues. HIV/AIDS Waiver Programs may only bill the Medi-Cal fee-for-service program for services that are not covered by the enrollee's managed care plan, as described by the listed HCPC codes.

As of the date of this letter, Two-Plan Model Medi-Cal managed care plans should no longer submit disenrollment requests to their contract managers and/or Health Care Options (HCO) relative to plan members diagnosed with HIV/AIDS. Health Care Options (HCO) and the Division's Program Integrity Unit, which handles medical exemption requests, and the Division's Plan Management Branch have been notified of this change. Additionally, the Office of AIDS has informed all contracted providers of HIV/AIDS Waiver Program services of this change. Plans should coordinate the care of members receiving HIV/AIDS Waiver Program services with staff of the local HIV/AIDS Waiver Program. Plans should also identify members in need of HIV/AIDS Waiver Program Services and facilitate referrals as appropriate. Plans remain responsible for the provision of all medically necessary services to the member, except for waiver services. All managed care plans are required to inform members of the availability of services from the HIV/AIDS Waiver Program.

If you have any questions regarding this letter, please contact Barry Handon, M.D., at (916) 657-1418.

Cheri Rice, Chief  
Medi-Cal Managed Care Division
